Jayson Lovell
Superintendent of Schools

Dear Mr. Waugh,

Wolf Creek Public Schools wishes to express our support for Bill C-241 to amend the Excise Tax Act and provide a full rebate of G.S.T. for Canadian school boards.

School boards across Canada rely on government funding to provide education programs and opportunities to students. A full rebate of the G.S.T. to school boards would increase funding available to create and maintain education opportunities for students throughout our country.
